## Overview

A great basis for further study leading to a career in science.

## What you'll learn

Study a range of topics within applied chemistry and biological science such as:

- Investigating a crime scene
- Chemistry and our universe
- Application of chemical substances
- Science in medicine

## A typical week

You'll be benefitting from digital 'Learning Science Laboratory' resources to get you lab-ready!

## Entry requirements

You'll need at least 4 GCSEs at grade 2 (E) or above to study on this course.

## Our teaching staff

The course will be taken by Olufemi Shode and Michelle Benjamin.

Both tutors have extensive industry knowledge, so they'll relate what you learn to the working world.

## Links with employers

Various work experience opportunities exist around the local and wider community within science-based industries. There's also the opportunity to become a Science STEM Ambassador.

## What this course leads to

Successfully completing the course means you can move onto the Level 3 Foundation Diploma.

You could also join other Level 3 STEM courses on offer at Barking & Dagenham College.
