Overview

Our Blended Maths course is an innovative new programme designed to give you the most flexibility with your studies.

You'll study in the classroom and online so you can fit your studies around other commitments.

What you'll learn

This course has been developed to enable you to advance your Mathematical skills.

Maths students will cover 3 main topics;

- Number
- Measure shape and space
- Handling data

You'll take part in

- Independent study
- Group discussions

- Using and analysing digital tools such as audio and visual content and videos
- Interactive study and remote presentation
- Project work

Assessments / Exams

You'll be assessed through written assignments, exams and be observed by your tutor in the classroom.

Entry requirements

You'll need to have an initial assessment at Maths Level 1.

What this course leads to

The skills learnt will support you on your journey into further study or employment.

On successful completion of this course you could progress onto Level 2 Functional Skills Maths, GCSE Maths or preparation for Maths Level 2.
