## Apprenticeship

**Duration**

105 weeks

**Location**

Rush Green

**Starting**

Flexible dates

**Age**Adult 19+  
Apprenticeships**Careers**

Plastering &amp; dry lining

### How do apprenticeships work?

If you prefer a more practical style of learning, an apprenticeship or higher apprenticeship could be the ideal option for you. They enable you to learn on the job and gain nationally recognised qualifications at the same time. [Find out more about apprenticeships.](#)

## Overview

The broad purpose of a plasterer is to apply layers of plaster onto walls, floors and ceilings. Plastering serves a protective function; in that it makes buildings more robust and also an aesthetic function.

## What you'll learn

During the programme modules will include

- Health and Safety
- Customer Service
- Communication
  
- Building types, including; eras, materials, insulation and fire protection
- Materials both modern and traditional
- Dry Lining
- Mould work
- Restoration

## Assessments / Exams

To achieve the apprenticeship standard all components must be completed, including Functional skills at the required level if the apprentice doesn't have exemptions. All apprenticeship standards include an end point assessment which is required to complete the standard.

## Entry requirements

Working a minimum of 30 hours per week

## What this apprenticeship leads to

Upon successful completion of the programme learners can choose to continue their development through a Level 3 Apprenticeship.
