Health &amp; Social Care

### Course fees per year

AGE 16-18

**FREE**

You may be eligible for an Advanced Learner Loan to help with the course fees. Contact us to discuss what Financial support is available.

## Overview

Want a rewarding career in care?

Our health and social care qualification will teach you how to support the elderly, children, and those with disabilities and learning difficulties. This is the progression course from the CACHE Certificate, which you must have completed at Barking & Dagenham College.

## What you'll learn

This course is the natural progression from the CACHE Certificate in Health & Social Care at Level 3, and will prepare you either to enter the workplace or move on to university.

You will study a range of important units which build your knowledge, confidence and opportunities for that future valuable career.

- Vocational Experience;
- Anatomy and Physiology;
- Research skills for health and social care

- Personal and Professional Development

You will be required to attend placement in a real work environment to support your learning. The minimum required number of placement hours is 175 hours (100 hours if you've already successfully completed the Certificate).

## Assessments / Exams

This course is graded: A\* - D

You will produce a portfolio of work that is assessed by a range of methods, which may include projects, assignments, case studies and coursework.

The portfolio of evidence will include two extended assessments (one covering the 'core mandatory' units and one covering the 'diploma mandatory' units).

## Entry requirements

You will need to have GCSE Maths, English Language and two additional subjects at grade 4 (C) or above.

As part of the application process, you will also be asked to explain why you want to study this course so that we can ensure any course offer made aligns to your career goals.

You must have successfully completed the CACHE Certificate in Health and Social Care Level 3. Attendance, punctuality, and handing your assignments in on time are all important.

Entry to this course is dependent on the outcome of a Disclosing and Barring Service (DBS) check.

## What this course leads to

Upon achievement of this qualification learners will be able to access Higher Education and progress into a wide range of job roles within the health and social care sector.
